Tiling tape strip

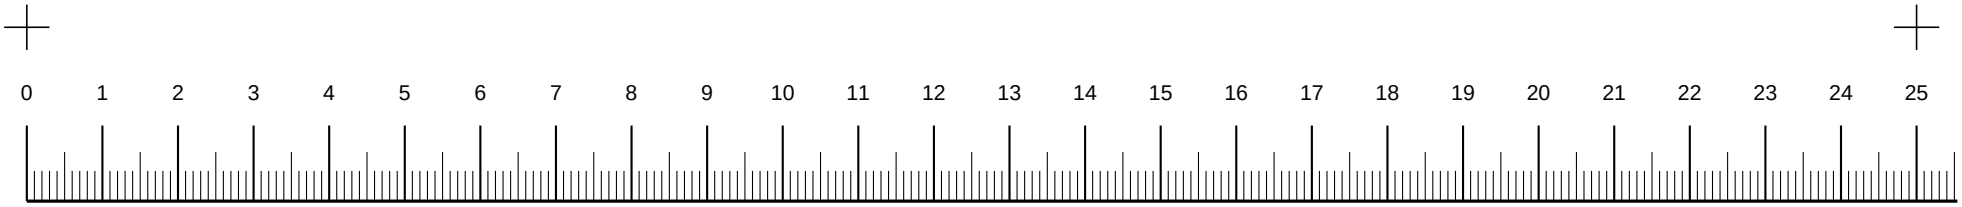

US Letter landscape - print at 100% / Actual Size, margins set to None

ALIGN A (0 mm) to ALIGN B (250 mm): exactly 250 mm, the same on Letter and A4.

Tape the next copy's ALIGN A onto this one's ALIGN B. Its numerals restart at 0, so add 250 mm per copy after the first to read the true distance. 4 copies reach 1 m.

ALIGN A (0 mm)

ALIGN B (250 mm)

CARD VERNIER: butt a bank card's short edge on the zero stop below, long edge on this line, card above it.
The mark level with the card's far (right) edge is your print's scale error.
